SERVICE LEVEL AGREEMENT (SLA)

Dedicated Internet Leased Line Connectivity Agreement

This Service Level Agreement (SLA) is entered into between **ABC Telecom Services Pvt. Ltd.** (hereinafter referred to as the "Service Provider") and the **Department of Information Technology, Government of Tamil Nadu** (hereinafter referred to as the "Customer").

1. Definitions

- Bandwidth: The committed data transmission capacity of the leased line connection.
- Uptime: Percentage of total time in a calendar month during which the service is operational.
- Latency: Round-trip delay measured in milliseconds within the provider's domestic backbone.
- Packet Loss: Percentage of data packets lost during transmission.
- Jitter: Variation in packet delay measured in milliseconds.
- MTTR: Mean Time to Repair from incident logging to service restoration.

2. Scope of Services

The Service Provider shall provision, commission, operate, and maintain a dedicated Internet Leased Line connection to the Customer's Primary Data Center located in Chennai, Tamil Nadu. The service shall include last-mile connectivity, Customer Premises Equipment (CPE), routing configuration, and proactive monitoring.

3. Service Level Parameters

Parameter	Committed Level
Bandwidth	1 Gbps (Dedicated, 1:1 Contention Ratio)
Network Availability (Uptime)	≥ 99.5% per calendar month
Latency (Domestic Backbone)	< 20 ms (Average Monthly)
Packet Loss	< 0.5% Monthly Average
Jitter	< 5 ms Average
MTTR (Critical Fault)	< 4 Hours
Fault Response Time	< 30 Minutes (24x7 NOC)

4. Monitoring & Reporting

The Service Provider shall implement 24x7 proactive monitoring through its Network Operations Center (NOC). Monthly SLA reports shall be submitted to the Customer detailing uptime, latency, packet loss, bandwidth utilization, incidents, and corrective actions taken.

5. Redundancy & Resilience

The leased line shall be provisioned through fiber infrastructure. Optional last-mile redundancy through an alternate path may be implemented. The backbone shall have multiple upstream ISPs ensuring high resilience.

6. Security & Compliance

The Service Provider shall ensure compliance with applicable Indian IT and Telecom regulations. Basic DDoS mitigation at network edge and secure routing configurations shall be maintained. Customer data shall not be inspected or retained.

7. Service Credits & Penalties

If monthly uptime falls below 99.5%, the following service credits shall apply:

- 99.0% – 99.49%: 5% of Monthly Recurring Charges (MRC)
- 98.0% – 98.99%: 10% of MRC
- Below 98.0%: 20% of MRC

8. Escalation Matrix

Level 1: NOC Engineer (24x7 Helpdesk) Level 2: Regional Network Manager Level 3: Head – Enterprise Services

9. Term & Termination

This Agreement shall remain valid for three (3) years from commissioning. Either party may terminate with 90 days written notice. Immediate termination may occur in case of material breach.

10. Force Majeure

Neither party shall be liable for delays caused by natural disasters, government restrictions, war, civil unrest, or other events beyond reasonable control.
